Dear Linda:

Once again, our many thanks for all your and DOE's hard work and effort with the recent FTD workshop.

I have enclosed the following information for consideration:

- EPA Presentation -- Cleaner Vehicles, Cleaner Fuel, Cleaner Air."
- EPA Website Information -- "Heavy-Duty Engine and Vehicle Standards and Highway Diesel Fuel Sulfur Control Requirements."
- TACOM Report -- "Alternative Fuels: Gas-to-Liquids as Potential 21st Century Truck Fuels." [Paper available for a fee from SAE: http://www.sae.org/servlets/techtrack?PROD_TYP=PAPER](http://www.sae.org/servlets/techtrack?PROD_TYP=PAPER).
- NREL -- Work with FTD.
- APEL IGFI Project with CO₂, Geosequestration, (Gas-to-Liquids News, August 2002).

We hope this information is helpful in adding to the "data base" in support of FTD's certification as on EPAAct fuel.

Best regards,

David A. Sowards
